# G V V S C Chantibabu

**Full Stack Developer (React / Next.js / React Native / Node.js)**

Hyderabad, India | +91-8121331121 | chandrasekhargollapalli416@gmail.com

LinkedIn: https://www.linkedin.com/in/chandra-sekhar-971289228

## PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience designing and building scalable web and mobile applications. Strong expertise in React, Next.js, Redux Toolkit, and React Native (TypeScript) for frontend development, with hands-on experience developing secure Node.js + Express backend services for healthcare and government platforms.

## TECHNICAL SKILLS

Frontend: React.js, Next.js, Redux Toolkit, React Native (TypeScript), Tailwind CSS, HTML5, CSS3, JavaScript (ES6+), TypeScript

Backend: Node.js, Express.js, REST API Development, JWT Authentication

Database: MongoDB

Tools & Platforms: Git, GitHub, Postman, Firebase, Android Studio

## PROFESSIONAL EXPERIENCE

## Frontend Developer (React & React Native – TypeScript)

Creeno Solutions (Healthcare – HealthCapita) | Hyderabad

Nov 2023 – Present

- Built responsive healthcare dashboards using React.js and Redux Toolkit for doctors and administrators to manage patient records and reports.

- Implemented centralized state management for authentication, user data, and patient workflows using Redux Toolkit.

- Developed cross-platform mobile applications using React Native with TypeScript.

- Integrated REST APIs and implemented secure authentication flows in frontend applications.

- Implemented role-based UI access and protected routes for healthcare data.

- Collaborated with backend, QA, and product teams in Agile/Scrum workflow.

- Ensured UI compliance with healthcare data privacy and security standards.

- Designed and developed React and React Native healthcare application features including UI, functionality, API integration, and Redux state management.

## Full Stack Developer

Science Samagra Mahotsav 2K26 – Government of Andhra Pradesh Project

- Developed complete web platform for state-wide science exhibition registrations used by schools across Andhra Pradesh.

- Built modern responsive UI using Next.js, React, Redux Toolkit, Tailwind CSS, and Radix UI.

- Designed and developed Node.js + Express backend APIs for teacher accounts, team registrations, and project data.

- Implemented authentication system with JWT, OTP login, and role-based access (Teacher/Admin/HM).

- Designed MongoDB schemas for teachers, teams, and analytics data.

- Developed analytics dashboard showing district participation, themes, and registration trends.

- Built admin features including Excel export of student registrations.

- Delivered production-ready system for government deployment and usage.

- Deployed and managed full-stack Next.js + Node.js + MongoDB platform for state-wide government usage across Andhra Pradesh schools.

- Designed and developed frontend, backend APIs, authentication, and Redux-based state management for the platform.

## PROJECT HIGHLIGHTS

Healthcare Dashboard & Mobile App (HealthCapita)

React.js + Redux Toolkit + React Native (TypeScript)

Secure authentication UI, patient records management, and medical report visualization.

Science Samagra Mahotsav Portal (AP Govt)

Next.js + Redux Toolkit + Node.js + MongoDB

State-wide registration platform with analytics dashboard and admin export tools.

## EDUCATION

Bachelor of Engineering (Electronics & Communication Engineering)

Adarsh College of Engineering, 2022
